

Rose Sheet

Pharma intelligence | informa

Rose Sheet is the personal-care industry's one-stop source of professional and regulatory news and analysis. More than just headlines, Rose Sheet provides expert analysis of how new developments and regulations impact your research and affect your institution.

For 35 years Rose Sheet has delivered unique news, insight and analysis on the toiletries fragrances and skincare markets, including developments at FDA and EPA; legislation on Capitol Hill and overseas; ingredient safety decisions from authorities such as the CIR Expert Panel and trends across in-demand sectors such as cosmeceuticals and organics.

Every week **Rose Sheet** delivers comprehensive coverage of:

- ▶ Regulatory and legislative news direct from Washington to help you navigate your increasingly regulated industry
- ▶ Developments in the EU and other international markets to help you identify which markets to target
- ▶ New product introductions to help you stay up-to-date on your research
- ▶ Cosmetic ingredients science & innovation to help your company make better and more profitable products
- ▶ Our popular trademarks review to help you track competitors' marketing moves and develop your own unique products
