

PMPH-USA is the US publishing operation for the People's Medical Publishing House, the largest medical publisher in China. Launched in January, 2008, PMPH-USA publishes clinical references, textbooks, and online material for physicians, dentists, medical students, and health science practitioners. In July of 2008, the company acquired BC Decker's medical book list, consisting of world-class authors and titles in areas such as oncology, surgery, neurology, pediatrics, oral surgery, and dentistry. With an exciting new 2010 list, a new website, and an experienced team, PMPH-USA will begin its second full year in growth mode.

PMPH-USA is a subsidiary of PMPH in China. Established more than 50 years ago, the People's Medical Publishing House has maintained its leading position in medical publishing in China. After half a century's efforts PMPH has a vast wealth of medical publications including books, periodicals and digital products. It is the most important medical publisher in China and the only World Health Organization (WHO) Collaborating Centre for the Promotion and Translation of WHO Publications in the country.

PMPH has published more than 30,000 books and printed over 670 million copies. It publishes 1,000 new titles and distributes more than ten million copies annually. PMPH leads the way in Traditional Chinese Medicine (TCM) book publication throughout Asia. In the past 50 years it has published a total of 1,400 TCM books, including 300 classical Chinese medical texts.

PMPH is a vital resource for Chinese TCM experts and is the first choice of scholars who wish to publish their works. The PMPH brand has become a symbol of the highest quality and authoritative content in TCM books.
